

Meep, meep!

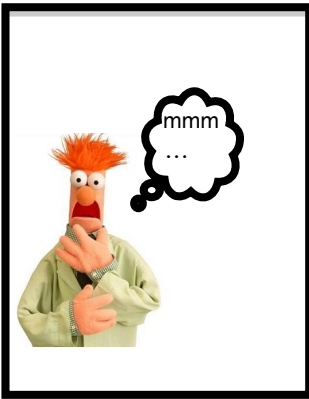

What have we here Beakey? Records for OOC datasets... let's investigate!

Oh dear, the circuits are overloaded from inconsistencies and duplications! What will we do??

MMMME EEPP!!!

Whatever shall we do Beaker?
Without organization these datasets will never be replicable or re-usable!
Let's go find out what people need for their research on OOC!

Look Beaky! The computer can work again, I wonder why?

Metadata that supports collaboration of course.
